For further information on the East Riding of Yorkshire Speed Management Procedure and the ranking of each site within this procedure, please contact East Riding of Yorkshire Council's Traffic & Parking team on [highways.customer.care@eastriding.gov.uk](mailto:highways.customer.care@eastriding.gov.uk).

## Glossary

NOT PROTECTIVELY MARKED

Section	Description	Explanation
Site Details	Location	This is the road name, road number (where applicable) and location of the local concern camera site.
	Speed Limit mph	This is the current speed limit in place at the site.
Personal Injury Collisions	Injury Collisions	This is the total number of collisions resulting in injury across all severities, i.e. fatal, serious and slight collisions combined.
	Casualties	This is the total number of casualties of all severity, i.e. fatal, serious and slight casualties combined.
Speed Data (based on seven day temporary speed survey)	Percentage of traffic over Speed Limit	This is the percentage of vehicles which were travelling over the speed limit.
	No. of speed offenders avg/day	This is the number of vehicles that were committing a speed offence on average per day when the speed survey was undertaken. <u>Please note</u> : this is <u>not</u> the number of speed offences detected at the site when enforced.
	85th Percentile Speed (mph)	This is the speed at which 85% of vehicles are travelling at or below and is often used in engineering to determine the speed most drivers feel comfortable driving at.
	N/A	There is no recent speed data available.
Additional Information	Reason for enforcement	This is an explanation of why camera enforcement commenced at the site. Local concern sites are selected by the local authorities as part of their speed management procedures.
